

Preferred Outpatient Therapy Provider Network

The Delaware Valley ACO is very pleased to announce our Preferred Outpatient Therapy Network. Our Preferred Organizations were selected to help our target population, our physicians, our hospitals and other healthcare collaborators identify Outpatient Therapy providers that achieve high standards for quality and optimal total cost of care for our target population. Our preferred network serves patients who need “in home” physical, occupational and/or speech rehabilitation therapy. These patients are either unable or it is too difficult for them to get out of their home to go to an outpatient therapy gym. If patients have skilled nursing needs in addition to “in-home” therapy needs, then please contact one of our preferred home care providers.

Our Preferred Outpatient Therapy providers list will be reviewed and updated regularly to assure continued high quality of our partners in the DVACO Preferred Outpatient Therapy Network.

Please refer to our website on a regular basis for updates to our [Preferred Outpatient Therapy Network](https://dvaco.org/preferred-partners/) (<https://dvaco.org/preferred-partners/>) **Current list last updated 1/1/2020**
